CONSENT TO OBTAIN ELECTRONIC MEDICATION HISTORY

Our medical practice has adopted an electronic medical record system which will further enhance the quality of our services. This system allows us to collect and review your "medication history." A medication history is a list of prescription medicines that we or other doctors have prescribed for you. This list is collected from a variety of sources, including your pharmacy and your health insurer.

An accurate medication history is very important to helping us treat you properly and avoid potentially dangerous drug interactions. By signing this consent form you give us permission to collect your medication history without limitation or exclusion as is required and/or reasonably necessary for your care and treatment. Please understand that your medication history might not include over the counter medicines, supplements or herbal remedies. It is still very important for us to take the time to discuss everything you are taking and for you to point out to us any errors in your medication history.

POLICIES AND PROCEDURES AGREEMENT

In the effort to serve all of our patients equally, fairly and to the best of our ability, we ask that you review and understand our Patient Policies and Procedures.

Late Policy: Every effort is made to keep our physicians' schedules on time; therefore if you are more than **15** minutes late we can not guarantee that you will be seen immediately, but we will do our best to work you in to the schedule as time permits. If all the physicians' schedules are full you will be asked to reschedule your appointment to a later date.

Missed/Cancelled Appointments, Procedures or Surgeries: Every effort is made to accommodate our patients' requests for appointment, procedure or surgery dates/times; therefore, it is important that you make every effort to keep your scheduled appointments. No shows and appointments cancelled within 24 hours will be subject to a fee of \$40.00. Cancellation of a surgery or scheduled procedure, for any non-medical reason, within 5 business days of the procedure date will be subject to a \$150 cancellation fee. Please be advised that multiple missed appointments may result in dismissal from our practice.

Fee for Completion of Forms, Reports, and Letters: This is a non-insurance covered service which requires time from administrative and nursing staff as well as the doctors. A fee of **\$30** will be charged for the completion of all forms.

Transferring of Records: All patients must sign a records release form to have their records copied, electronically downloaded, or sent to another provider or organization. There is no fee to transfer records directly to another provider or healthcare organization. For patients with very large charts who request a paper copy, we agree to release the medication list, problem list, up to the last 3 progress notes, most recent labs and radiology reports at a cost of **\$0.50** per page. This will enable the patient to obtain the most critical documents for follow up at a nominal cost. If you chose to obtain a paper copy of your complete medical record the fee will be **\$0.50** per page up to 50 pages and **\$0.25** per page thereafter. An electronic copy of records can be provided to the patient for a **\$5.00** fee. This will cover the cost of the CD and other administrative costs.

Payment for Services for Patients with Insurance: According to your health insurance plan you are responsible for paying your copayment /coinsurance at the time of service.

Payment for Services for Patients without Insurance: You will be responsible for payment by cash, check or credit card on the day of service. On bills with extensive procedures and with approval of our billing department and office manager, you may set up a payment plan with our office. If your household income falls below 400% of the federal government's current poverty guidelines you may be eligible for discounted services. If you believe you may qualify, please request a copy of the current poverty guidelines and an application for financial assistance from this office today. Patients requesting consideration for discounted or charity care must submit an application for financial assistance and provide all requested documentation to this office. Patients who do not meet the criteria for charity care and/or patients who do not provide all information necessary to determine eligibility will be required to pay in full at the time of service unless a payment plan has been established and compliance with this plan has been demonstrated.

ACKNOWLEDGEMENT OF RECEIPT OF HIPAA PRIVACY

I, «PName», understand that Mary Washington Healthcare (MWHC), of which this Mary Washington Healthcare Physician Practice (The Practice) is a wholly-owned subsidiary, may use and disclose my protected health information for purposes of treatment, payment and health care operations. I also acknowledge that I have received, have been offered, or have received in the past a copy of the Notice of Privacy Practices for MWHC, which provides information about how the physicians, facilities and individuals involved in my care may use and disclose my protected health information. As provided in the Notice, the terms of the notice may change. To obtain a copy of any current Notice, I may contact the Privacy Officer at 1-800-442-8762.

I understand that I have the right to request that The Practice restrict how my protected health information is used or disclosed for treatment, payment or health care operations, but I also understand that The Practice is not required to agree to a requested restriction.

Medical Exams Vs. Vision Exams

This waiver includes information to help our patients better understand the difference between a medical exam and a vision exam.

- A medical exam is the diagnosis, discussion and/or treatment of any type of medical problem
- A vision exam includes the diagnosis of non-medical complaints, glasses, and/or contact lens prescriptions.

Here at Mary Washington Eye Care Center, we always want to provide you with the best care and knowledge possible with your expectations in mind.

Insurance coverage for eye care needs vary and are determined by the insurance provider. If a medical diagnosis is found during your exam you have the choice to bill both your medical and vision insurances. This may mean that your visit will not be covered in full. There may be a balance owed by you even after both insurance payments due to medical insurance deductible, coinsurance etc. This option is to help reduce any out-of-pocket balance that may be left by the medical insurance. Here is a list of common medical and vision eye issues:

MEDICAL		VISION	
Diabetes	Dry Eye(s)	Astigmatism	
Cataracts	Allergy eyes	Myopia	
Glaucoma	Macular Degeneration	Presbyopia	
Infections (pink eye,	Taking meds that could affect the	Farsightedness	
blepharitis)	eyes (Plaquenil)		
		New glasses/Contact Rx	

prefer, we would like to receive your signature for one of the options below:

___ I DO NOT want my medical insurance billed and I will return to the office to have the issue addressed at a different appointment only billing my medical insurance.

___ I DO NOT want my medical insurance billed. I will go to my primary care or another physician to have the medical issue addressed at a later date.

___ I DO want the medical issue addressed and I am giving Mary Washington Eye Care Center my permission to bill BOTH my major medical and vision insurance.

During your eye exam with the Physician, if a medical issue is found, a medical insurance claim may be filed in conjunction with a vision claim upon your choosing. To honor expectations of what you
